Blanket Robes
so for His Comfort
Along the robes we notice some
smart light weight English mod-
all-wool plaids. But others
appeal to you more—there are
any. Prices, \$5.50 to \$25.00.

When Your Liver is
out of Order
You know the signs—
heavy head, sick stomach,
bad taste in the mouth,
latent dyspepsia. Pay strict
attention to these symptoms
and get prompt relief by
using Beecham's Pills. A
few doses will stimulate the
liver, help the stomach, regu-
late the bowels and make
a great difference in your
general feeling. Nothing
will put you on your feet so
quickly as a dose of two of
Beecham's Pills.

After Many Remedies
Internal Baths
Mr. Joseph, a New York
man, writes: "I was
suffering from a
bad cold and
cough, and
after many
remedies, I
found that
internal
baths were
the best
remedy for
my trouble."

A Man
In Texas
Advertised:
"Am I Crazy?"

We offered 10 acres of land to every man who would come into the state and live on it. The man who came in and lived on it for a year and a day, and then came back and said "Am I Crazy?"

We have just made 97 families in Los Angeles extremely happy on big garden plots at \$14.00 per acre. The man who came in and lived on it for a year and a day, and then came back and said "Am I Crazy?"

Our second and third offerings will occur within a few days. One in southern part of the city and one in the foothills on the same mortgage foreclosure price and easy terms.

You can enroll in the Home Extension Club without cost of cost or any obligation. Your enrollment gives you privilege of selection in our offerings and also of valuable papering meetings on Homecraft topics.

Bank, mortgage companies and defect syndicates can make low wholesale prices and terms to our club to hundreds of members which you could never obtain as an individual under any circumstances.

The low mortgage foreclosure prices at which you obtain lots from this Association in hitherto unoccupied subdivisions is really the only part of the plan that has come to the attention of the public. It is the only part of the plan that has come to the attention of the public.

We will have these two important opportunities about any day next. Your quick enrollment may be worth hundreds of dollars to you, but it costs you neither money nor obligation.

Call, write or phone, giving your name and address, before you lay this paper down.

A TENDENCY
TO ANEMIA MAY
BE INHERITED

A tendency to thin blood, or anemia, may be hereditary. In fact it often runs in families and in such cases it should be combated, as soon as a symptom shows, by the use of a reliable blood-making tonic.

Mrs. Elsie Montague, 2 Porter Street, Haverhill, Mass., and her seventeen-year-old daughter, both used Dr. Williams' Pink Pills for the treatment of anemia and their experience follows:

"I had suffered with anemia or lack of blood from my girlhood," says Mrs. Montague. "I was losing my strength, was run down, and had terrible headaches. I took bitter tonics and other medicines but they did not seem to help me. I was discouraged, my appetite was poor and what I did eat would not stay on my stomach."

"I had heard of people who were benefited by using Dr. Williams' Pink Pills, and I decided to try them. I noticed improvement after I had taken three boxes. My appetite became better and I felt stronger in every way."

"My daughter, Antoinette, became run down about three years ago and seemed to have no ambition. She was colorless and her limbs were continually aching. She had no appetite and her face broke out with pimples. Dr. Williams' Pink Pills helped her at once, and she began to eat better. Her color came back, and the pimples in her face disappeared."

Your own druggist sells Dr. Williams' Pink Pills or they will be sent by mail on receipt of price, 20 cents per box. Write to the Dr. Williams' Medicine Co., Schenectady, N. Y., for free book on the blood.

TRAP ALLEGED BRIBERS.

DOCTOR AND LAWYER ARRESTED
AFTER PASSING MONEY
TO MEDICAL OFFICIAL.

(BY A. P. NIGHT WIRE.)
SAN FRANCISCO, Nov. 19.—While Department of Justice operatives looked on from their hiding place, Dr. Charles Schwartz and A. S. Newburgh, an attorney, were alleged to have given Dr. George F. Brackett, a government physician, a \$25 bribe in Dr. Schwartz's office here today to recommend that the bail of custody of the night life in Federal custody be reduced. Dr. Schwartz and Newburgh were arrested immediately.

More arrests were expected as the Federal authorities charged the existence of a conspiracy to secure wholesale bail reductions for these women through Dr. Brackett for certain sums of money that the women would pay to the conspirators. Dr. Brackett, they said, kept them fully advised of the progress of the conspiracy, and it was through him that the alleged conspiracy was exposed.

According to these authorities, a room in a local hospital was fitted up with voice-recording devices by government agents following information that certain of the accused were to attempt to bribe Dr. Brackett in this room while one of the women involved was being treated there. A complete case was thus secured, they said.

NEWBERRY'S ELECTION
TO SENATE PROTESTED.

(BY A. P. NIGHT WIRE.)
WASHINGTON, Nov. 19.—A special meeting tomorrow of the Senate Elections Committee to consider the protest against Republican Senator-elect Truman H. Newberry of Michigan was called today by Chairman Pomeroy.

A detailed statement charging excessive expenditure and other irregularities in Mr. Newberry's election was received by Senator Pomeroy from officers of the Nonpartisan For-For-Senator Club of Detroit.

ARMY OFFICER A SUICIDE.

(BY A. P. NIGHT WIRE.)
CAMP DODGE (Iowa) Nov. 19.—Lieut. Bruce P. Robinson of Cleveland, stationed at this cantonment, killed himself today by diving under a train at Grimes, near here. Military authorities did not give the reason for his act.

To Avoid and
Relieve Influenza

BY DR. FRANKLIN DEANE
Many people have been frightened by what they have read or heard of influenza. The more you fear the disease, the surer you are to get it. Go right about your business and forget it. As the disease is spread principally by contact through sneezing, coughing or spitting, many health authorities have advised that everyone wear a gauze which is daily washed and saturated with a one to five hundred solution of zinc sulphate in water, and then dried before wearing over the nose and mouth. You should avoid crowds, common drinking cups and public towels. Keep your strength up by taking lots of food in the open air and plenty of nourishing food.

If you have any of such symptoms as chills, nasal obstructions, flushed face, headache, feverishness, restlessness, weakness or irritability, give up work at once and go to bed. This will save your strength to help overcome the disease. Put your feet in hot water for fifteen minutes. Thoroughly loosen the bowels with some such mild and non-irritating physic as Dr. Pierce's Pleasant Pellets. Drink principally of hot lemonade and then cover up with plenty of clothing in bed so as to get a good sweat. When sweating, which means relief, has been obtained, take a dose of two of Anuric Tablets every four hours, followed by drinking at least a glass of water. Anuric Tablets help quickly to relieve the soreness of the muscles and bones from which most patients complain and help the kidneys flush out the poisons.

To relieve nasal obstructions and excessive discharge from the nose, probably nothing is better than such a mild, soothing, antiseptic wash as Dr. Sage's Catarrh Remedy. It will give great relief. Employ a gargle, in same strength, as made up for use in the nose, and as hot as can be borne. It quickly cures soreness and dryness in the throat.

Influenza weakens the patient's resistance to disease so that there is danger of bronchitis and pneumonia developing. To combat this tendency, fortify the patient's strength by taking the recovery in bed at least two days. Probably nothing will do this more than the use of Anuric Tablets. Dr. Pierce's Golden Medical Discovery, which cures the worst cases of influenza in the past two generations.

ON THE
AMERICAN SCREEN.
By GALE

OUTSIDE OF THE FACT THAT HOOVER HAS TO TAKE OVER FOR THE WORLD AND HURLEY HAS TO BRING BACK OUR ARMY, THEY OUGHT TO ENJOY THIS TRIP IMMENSELY!

SENATOR CUMMINGS INTRODUCES A NEW PROGRAMME FOR DEALING WITH THE RECONSTRUCTION PROBLEM.

LANE WILL DOMINATE
MINERAL PRODUCTION.

PRESIDENT ORDERS AMERICAN PRODUCTION PROTECTED FROM CHEAP IMPORTS.

(EXECUTIVE DISPATCH.)
WASHINGTON, Nov. 19.—President Wilson has signed an executive order placing all the details of the new mine-development bill in the hands of Secretary of the Interior Lane. To himself he reserved the right to determine the degree of the tariff protection against the importation of metals in competition with those produced in the United States.

This procedure means that potash, magnesite, pyrites, chrome and other minerals which California can produce in large quantities will not be driven out of the market after peace comes by low-priced German and European ores and metals.

Before the war Germany and other European countries absolutely dominated this trade and fixed the price of these metals and chemicals so that California and other Western States could not afford to compete, and when the war came there were no domestic supplies until the war industry could be gotten under the spur of war.

The new mine stimulation bill, which will thus protect and develop a permanent industry, will make an American market safe for the mineral products which have heretofore been blighted by low-priced foreign competition, and it is the plan of the government to arrange the details of its enforcement to make the protection permanent by means of a tariff that will bar out all foreign competition.

California is particularly interested in potash development, and today the agricultural department reports a market for 250,000 tons of that article for fertilizer alone. While sporadic cases are reported of products of this class without markets, it is because buyers are holding off, hoping to buy at the old pre-war prices, when foreign potash came to the ruin of the domestic producer.

After the signing of the executive order by the President, the government was held in the Bureau of Mines of the Interior Department, where the various details were represented by including many men representing the practical side of the mining industry. The American Mining Congress and the Geological Survey were also represented, as well as the Department of Agriculture, and the various details were presented and discussed with a view to drawing the production of all the minerals enumerated in the measure.

As soon as a shortage of any of these minerals is officially reported to the President through the Secretary of the Interior, the government will buy the available supplies, and then, in order to protect the government ownership of that product, the President will promulgate a tariff to protect the supply against the influx of foreign competition.

Those who attended the meeting were confident that the new law and regulations will put the production of all these minerals and chemicals on a permanent and profitable basis.

NO FORCE TO BE USED,
DUTCH SOCIALISTS SAY.

TROESTRA DECLARES COUP D'ETAT NOT TO BE METHOD OF PROGRAMME.

(BY ATLANTIC CABLE AND A. P.)
LONDON, Nov. 18.—A dispatch to the Central News from The Hague says Pieter J. Troelstra, the Socialist leader in the Dutch Parliament, has announced in Parliament that he did not intend to carry out a coup d'etat or use force to execute his programme.

A dispatch from The Hague last Wednesday said that, during a debate in the lower house of Parliament, in which the Premier announced an increased bread ration and successful negotiations with the United States for securing better food supplies and for securing the people's support by avoiding excesses, Troelstra accused the government of lack of frankness in dealing with the chamber, and asserted that the people no longer would tolerate secret "wire pulling." The Socialist leader declared that the minister of the interior, instead of rejoicing at what had occurred abroad, "rather gives the impression of a careful housewife afraid of her china cupboard."

The speaker added that the government appealed for order "because the social democracy says that the moment has arrived to take over the power of the state." He declared that the workers would not abandon their rights for a mere of peace. The workers, he said, did not desire anarchy or violence, but "we should betray the workers if through fear of violence we allowed this historic moment to pass."

Learn to Look Out for Yourself.
Somebody has declared that when people learn to treat slight ailments themselves there will be much less sickness. Most diseases have their origin in some minor ailment, and when that is properly treated the more serious diseases may be avoided. This is particularly true of throat and lung troubles. Take Chamberlain's Cough Remedy and give every cold the attention it deserves and you will be able to avoid some of the most serious diseases that afflict mankind. This remedy has been in use for many years and its value fully proven. [Advertisement.]

BULGAR FIENDS
BUTCHER SERBS

Hun Allies Try to Exterminate Intellectuals.

Cut Throats and Bayonet Innocent Civilians.

Women, Children Violated; Peasants Roasted.

(EXCLUSIVE DISPATCH.)

VRANJA (Serbia) Oct. 20 (via London, Nov. 18).—There is a story of cold-blooded butchery without equal even in this war. It is the tale of a deliberate systematic effort by the Bulgarians extending over three months to exterminate the national spirit of Serbia by killing everyone in the parts of the country they occupied whom they thought capable of maintaining it.

I have gathered the facts from many different sources and the information and evidence establishes Bulgarian guilt beyond all doubt.

After installing Bulgarian mayors, bishops, tax collectors and military police, the Bulgarians arrested in every town and village all the men

who belonged to what may be called the intellectual class. These were parliamentary deputies, judges, teachers, lawyers, priests and employees of labor, and they were taken into gangs and marched them away.

SLAUGHTER 3000 MEN.
Men numbering at least 3000 from the towns and villages of Vranja region alone were taken in detachments of about fifty at a time to a place which the Bulgarians chose as their slaughter-house, and there every night one party after another, from December, 1915 to March, 1916, had their throats cut or were stabbed to death.

One village whose name the Bulgarians have made terrible is a small place called Surdulitsa, twenty miles northeast of Vranja, near the Bulgarian frontier. I went there yesterday and saw the bones, the graves and surviving relatives of 2500 victims of Bulgarian savagery who there met their end.

They were locked up in houses which I saw, and then at night marched down to a gulch, tied four or five together with ropes, they were stabbed or bayoneted to death and buried where they lay by local spies collected for the work by the Bulgarians.

Graves of hundreds of them were shown to me yesterday. Moldy human bones were still lying about in a little stream bed, where on one winter's night, after another the slaughter was carried out.

Every night the peasants of Surdulitsa, who were forbidden to leave their houses after sunset, heard men's screams coming from a nearby wood. Following morning, fierce village dogs would bring in the streets human arms and often even heads which they tore off the bodies of the murdered men.

At Usheval, a hamlet to the west of Vranja, 120 men, women and children, the entire population, were killed in one day.

At Vladichki all the women were collected and some of them were killed in one day. The rest were tied up and left for two days later, when the Serbs came back and made them confess that they had committed their work of outrage.

PEASANTS ROASTED.
Last year at Velashko Krivajala innocent peasants were stripped naked, tied down to a stake and roasted over slow fires until they confessed that they possessed hidden arms.

Lebanes and Lenkovits were really the worst part of the story. At the former place, persons were beaten to death. What is to be done to prevent cynically planned and brutally executed policy of murder?

The names of the Bulgarians who are directly responsible for these butcheries are known.

The peasants of Vranja and Surdulitsa utter with them the dread as that with which the English west country men spoke of Judge Jeffreys after his bloody assize.

PLAN PEACE CONVENTION.
BY A. P. NIGHT WIRE.
MILWAUKEE, Nov. 19.—The 1918 "peace" convention of the National Education Association, held in Milwaukee early this morning, was made for the purpose of making the National Education Association, with the city of Milwaukee in making the independence celebration, during the period of the convention, the greatest of the city's history.

New December Numbers of
Columbia
RecordsBarrientos and Lazaro in
"Traviata's" Great Love Duet

For their first concerted Columbia number these famous Metropolitan stars have chosen "Parigi O Cara," the thrilling climax of Verdi's most dramatic opera. An exquisite record of great and beautiful music nobly sung.

49354—\$2.50

Stracciari Sings "Alla Vita"
From "Ballo in Maschera"

This sparkling aria might have been written specially for Stracciari—so completely does it lie in the richest range of his glorious baritone. And Stracciari, needless to say, has made the most of his opportunity.

77085—\$1.00

"Song of the Chimes" and
"Slumberboat" by Barbara Maurel

A most appealing personality, a voice of inimitable natural beauty, long study under such masters as Jean de Reszke and Chevalier—all these Maurel has brought to the singing of two much-loved lullabies. And the result is—well, hear them!

A 2628—\$1.00

The list of December Records comprises 5 separate selections, 20 popular hits, 12 dance pieces, 4 Christmas specialties, 6 vocal favorites and 7 novelty and instrumental gems.

New Columbia Records on sale the 10th and 20th of every month.

Hear General Pershing's dramatic record "A Message from France"—made by Pershing himself.

DUKES' BODIES
FOUND IN WELL

Five of Russian Nobility are
Slain by Bolsheviks.

Recognition of Government in
Siberia is Asked.

Immediate Aid of Allies is
Urged for Slavs.

BY CARL ACKERMAN.

(PACIFIC CABLE—EXCLUSIVE DISPATCH.)
OMSK, Nov. 14 (delayed).—
Czechoslovakia have found the
bodies of five grand dukes in a well
at Allispavik. Among them were
Constantin Constantovich, whose
wife is imprisoned by the Bolsheviks
at Perm. According to the Czech
information, the dukes were taken
from Perm, thrown into a twenty-
five-foot well alive, and then hand
grenades were thrown into the well.
In a forest near Ekaterinburg,
where the Czar was killed, sixty-five
bodies were found buried. They
were leading Ekaterinburg citizens
the Bolshevik had shot.

I talked today with M. Afkion-
tief, a member of the provisional
government, or directorate of five.
Answering reports that this govern-
ment was a military one, he said:
"The very fact of the ascent of the
all-Russian provisional govern-
ment shows this is not a military
government. Of the five directors two
are Socialists, one is a nonpartisan,
sympathizing with the Socialists,
one is a constitutional democrat,
with liberal views, and only one is
a general. In addition, the known
views of the directors preclude any
possible political views."

WORK FOR ORDER.

"The Russian people who oppose
the Bolsheviks and the Americans
and Allies, by supporting this gov-
ernment, will be aiding that force
in Russia which strives for order
and democracy. While Russia knows
it is the policy of the United States
to favor Russian democracy, recog-
nition of this government will be
the best thing America can do to
insure stable democracy here, and
make it impossible for this revolu-
tion to end in a military dictator-
ship, as the French revolution end-
ed with Napoleon."

Discussing today the government's
attitude toward the Allies, M. Vo-
logodsky, Premier of the provisional
government, sounded the keynote of
the whole situation, emphasizing the
need of economic assistance, as this
government's strength in European
Russia depends greatly upon its eco-
nomic program.

"The all-Russian government is
most friendly to the Allies," he said,
"because the restoration of Russia
cannot be produced except by Allied
help. Our plans for the future are
to make this government representa-
tive of entire Russia. The Bolsh-
eviki cannot hold out after January
because Germany, Austria and Tur-
key will no longer be able to sup-
port them, and without these vital
forces Bolshevism cannot endure."

RED ARMY SPOILED.

"The Bolsheviks are trying to dis-
cipline their army alone, but their
army was long ago spoiled. It is
too late now for the Bolsheviks to
stand on their own feet."

To the question, "What can the
United States do to help Russia?"
Vologodsky replied:

"Send us all sorts of goods.
Household articles and clothing of
all kinds are unobtainable. We
need woolen, cotton and linen goods.
See (pointing to his torn white col-
lar and cuffs), this is all I have. It
is absolutely impossible to buy more."

Premier Vologodsky before the
revolution was a lawyer at Tomsk.
After the war he became President
of the Siberian republic. His state-

ments reflect the general opinion
here. What serious-minded Rus-
sians say is the great need is so-
cial aid on a great scale.
What America has undertaken so
far is a great project compared with
what is necessary. Outside of Vlad-
ivostok the United States has not
aided the Russians in the smallest
instance, but for several months Si-
beria has been investigated and the
investigation is still going on while
nothing has been done except plan-
ning.

URGENT SPEEDY HELP.

One cannot be at Omsk long—
few hours will suffice to realize how
necessary it is that America should
act immediately if economic assist-
ance is to be forthcoming in a mea-
sure which promises the relief the
Russians have been led to expect.
The dry goods, clothing, furnishings
and shoes are in such demand that
while the shops selling second-hand
worn articles are crowded because
they are the only places where any-
thing can be bought, the demand is
fairly unanimous that if America or
the Allies can send life's necessities
here to be distributed by the Bolsh-
eviki, it will be the deathblow to the
Bolshevik.

Should the Allies recognize the
Omsk government? This question
one asks after inquiring throughout
Siberia. The answer is most diffi-
cult because one knows what is
happening within European Russia.
There may be other governments
ready to succeed Lenin and Trots-
ky, which would make this govern-
ment a good nucleus about which a
good nucleus about which a future
Russian government can be formed.
It is a good beginning, with popular
support and good intentions and
principles. Whether developments in-
to a strong government depends
greatly upon the Allied attitude at
this time. The Allies must either
make or break the Omsk govern-
ment. Within a few weeks the Al-
lied decision should be known.

FRANCIS ARRIVE.

While Afkiontief was speaking in
his schoolhouse, which is Russia's
temporary White House at Omsk,
the streets were crowded with fully
20,000 people, witnessing the ar-
rival of the French troops who
march from the railway through the
city following their long journey
from Vladivostok. The contrast be-
tween Russia, now still in a state of
civil war, with Europe's weary war
ended could not be more strikingly
illustrated. It showed peace be-
tween the Allies and the Central
powers cannot make peace in Rus-
sia, also how much peace in this
country depends upon the attitude
which the Allies assume towards this
government and the Bolsheviks. To
the question, How can the Allies
help Russia against the Bolsheviks?
The President answered:

"First, by recognizing this gov-
ernment which is at the head of the
Russian democratic movement
against Bolshevism."

"Secondly, such recognition will
strengthen this government in the
eyes of the masses and all elements
desiring democracy in Russia will
look to this government as the su-
preme authority."

"Thirdly, there are some reaction-
ary elements which hate democracy
and who are raising their heads in
Europe and Russia. Only when the
reactionary element see that this
government has the support of the
free governments of Europe and
America will these reactionaries be
powerless."

"Fourthly, the Bolsheviks finished
the work of the Czar's regime in
ruining and entirely destroying the
economical life of the country. Be-
fore this government can be in a
position to re-establish economical
life it must have supplies of cloth-
ing, household necessities and am-
munition from the Allies. In this
way the Allies can help democratic
Russia to endure."

UKRAINE TO JOIN RUSSIA.

(BY ATLANTIC CABLE AND A. P.)
LONDON, Nov. 19.—Gen. Skro-
padek, the chairman of the Ukraine
according to a report from Kiev,
transmitted by German wireless, has
issued a statement to the Ukrain-
ians calling attention to the im-
minent establishment of Russia as a
federal state. He declares that the
Ukraine will enter this new govern-
ment.

CAMP LEWIS SOLDIERS
TO BE SHOWN NEW JOB.

EMPLOYMENT BUREAU TO AS-
SIST MEN TO OBTAIN WORK
AS DISCHARGED.

(BY A. P. NIGHT WIRE.)
CAMP LEWIS, TACOMA (Wash.)
Nov. 19.—Every soldier discharged
at Camp Lewis will be asked if the
position he left to enter the army is
awaiting his return. If no employ-
ment awaits him every effort will be
made to furnish him work in the
class in which he is most fitted.

The employment work will be di-
recting under the direction of Capt.
Henry G. Reed, mustering officer,
and the camp and division person-
nel officer. Under the plan the
army will have the assistance of the
United States Department of Labor.
Employers of the West and other
sections of the country will com-
municate either with the Depart-
ment of Labor or with army officials
here direct concerning their needs
for workmen. These positions will
be tabulated and after being inter-
viewed as to his fitness the soldier
will be told where the positions
are available.

That American employers are
holding former positions for soldiers
daily becomes more evident. Each
day's mail brings to officers here the
request that one or more men be al-
lowed to return to their former
work. Invariably the employer says
he believes this can now be done
because the Kaiser is whipped.

No officer in camp knows just
what the rate of demobilization will
be from this camp. So far no
specific orders have been received
nor have various new forms pre-
scribed for discharges been received.

BRITISH GOVERNMENT
REPAIRS 10,000 SHIPS.

(BY ATLANTIC CABLE AND A. P.)
LONDON, Nov. 19.—(British
Wireless Service.) The Department
of Ship Repairs of the British Ad-
miralty, which began operations in
June, 1917, up to October of the
present year, had repaired and re-
turned to service, aside from ves-
sels of Allies and neutrals, more
than 10,000 ships.

At least a half-million tons of
French shipping have been repaired
and returned to service this year,
and during the last four months
more than 1,000,000 gross tons of
Allied and neutral shipping have
been attended to.

NAVAL BILL REVISION
BEGUN BY CONGRESS.

READJUSTMENT OF DEPART-
MENT FUNDS TO PEACE
BASIS IS STARTED.

(BY A. P. NIGHT WIRE.)
WASHINGTON, Nov. 19.—Read-
justment of departmental appropri-
ations from a war to a peace basis,
was begun today by Congress. The
House Naval Committee took up re-
vision of the naval bill for the next
fiscal year and members were in-
sistent that expenditures be held to
the lowest possible minimum con-
sistent with effective operation and
upbuilding of the navy.

As recommended by the Navy De-
partment, the bill carries a total of
\$2,440,000,000, estimates being made
in the belief that the war would
continue through next year. Rear-
Admiral Earle, chief of the ordnance
bureau, who was before the commit-
tee today, said the department now
is revising its estimates and his bu-
reau alone had eliminated more
than half of the \$400,000,000 cal-
culated as necessary next year.

Admiral Earle also revealed that
since hostilities ceased, the ordnance
bureau has canceled contracts
amounting to \$221,255,000.

Secretary Daniels will be called
into conference tomorrow.

Representative Butler of Pennsylv-
ania, ranking Republican member
of the committee, and who is ex-
pected to become chairman of the
committee in the next Congress,
criticized Admiral Earle's request for
\$22,000,000 for ordnance and ord-
nance stores next year, saying it
was greater than the amount ap-
propriated in war time. He also voiced
objection to the completion of the
112 Eagle boats at the Ford plant
at Detroit. When asked whether
Henry Ford would lose money if
the contract were canceled, Admiral
Earle said Mr. Ford received no
profit for the work. The plant, he

said, was financed by the Navy De-
partment.

Appropriations and authorizations
for a second three-year building pro-
gramme are included in the navy
bill, but these were not reached to-
day. There was no indication as to
the attitude of members on this
project, but it is generally expected
that Congress will approve the plan.

SANTA BARBARA TOLD
OF BIG WATER SPOUT.

(BY A. P. NIGHT WIRE.)
SANTA BARBARA, Nov. 19.—Ac-
cording to Capt. Sobst of the steamer
city of Topeka, who touched at this
port today, a waterspout of gigantic
proportions was encountered off
Point Sur late Monday afternoon.

The whirling cylindrical display,
kicking up foamy sheets of water,
crashed over the surface of the
ocean at a terrific pace. It was
roughly estimated to be about 150
feet wide.

RECIPE TO DARKEN
GRAY HAIR

A Cincinnati Barber Tells How to
Make a Remedy for Gray Hair.
Mr. Frank Harbaugh of Cincinnati,
O., who has been a barber for more
than forty years, recently made the
following statement:

"Anyone can prepare a simple mix-
ture at home, at very little cost, that
will darken gray hair, and make it
soft and glossy. To a half pint of
water add 1 ounce bay rum, a small
box of Barbo Compound and 1 ounce
glycerine. These ingredients can be
bought at any drug store at very lit-
tle cost. Apply to the hair twice a
week until the desired shade is ob-
tained. This will make a gray-haired
person look twenty years younger.
This is not a dye, it does not color
the most delicate scalp, is not sticky
or greasy and does not rub off."

Here's where
WOMEN
will find the
Christmas
gifts men
want—

For real long-wear usefulness you won't find anything better than a Hart Schaffner & Marx suit or overcoat for that boy of yours. He'll know by the H. S. & M. label that he's getting all-wool quality and style that is right.

Sometimes men are sort of hard to please. We know pretty well what men like these days and we'll be mighty glad to help you pick out some useful gifts for "him." Here are "Honor Pledge" values in useful things, from H. S. & M. clothes down to pocket handkerchiefs at most any price you want to pay.

A Hart Schaffner & Marx Suit or Overcoat
Shirts Hats Neckties
Gloves Sweater Coats Hosiery
Handkerchiefs Bathrobes Pajamas
Underwear House Coats Gift Order

To find the F. B. Silverwood name on his gift will mean more to him than you might think. He'll look for that name as you might look for "sterling" on silver or "Haviland" on china. It is quality's mark.

Your Government asks you to give only USEFUL GIFTS this Christmas—except toys to small children.

F. B. Silverwood
"—the store with a Conscience."

WEDNESDAY MORNING, NOVEMBER 20, 1918.—PART II: 8 PAGES.

In Bloody Finale to Sensational Careers of Crime.

AMOUS BANDIT AND GIRL SLAIN.

Charles Forbes, Outlaw, Train Robber and Murderer, and Consort are Shot and Killed in a Battle with Officers; Deputy Dead; Soldier Hurt.

Charles Forbes, alias Dale Jones, leader and last member of the notorious Lewis gang of desperadoes and train robbers who terrorized Colorado and Kansas for years, was shot and killed late yesterday afternoon in a spectacular gun duel at Arcadia.

The bandit's sensational career was ended by a charge of buckshot from a saved-off shotgun hands of Deputy Sheriff William Anderson. Almost at the same instant Marie Celano, the woman consort, was killed by a bullet, Deputy Sheriff George Van Vliet was fatally shot in the breast, and Private Albert Brock of the Fifty-second Balloon Company at the Arcadia School, was shot through the back. Van Vliet died at the Balloon School Hospital at 1 o'clock last night.

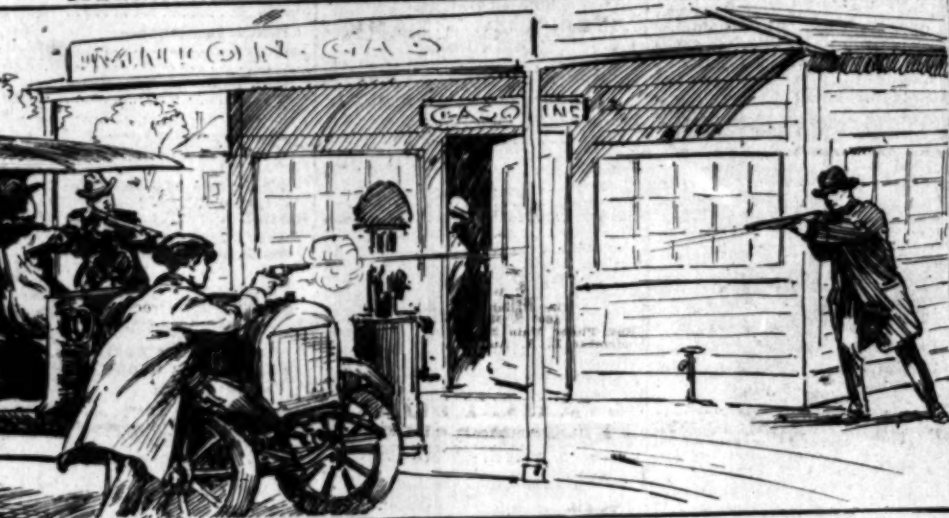

It was a hundred miles, wanted by the state and federal authorities, who had been living the life of an outlaw and a desperado of the lawless West. At last, he was brought to a sudden death in a spectacular gun duel at Arcadia, a town of 100 people, in the heart of the Colorado desert. The bandit, who had been living the life of an outlaw and a desperado of the lawless West, was brought to a sudden death in a spectacular gun duel at Arcadia, a town of 100 people, in the heart of the Colorado desert.

FLOOD BONDS ARE SOLD.
Syndicate Buys Nearly Million and Half Worth of County Issue.

A syndicate of Los Angeles and eastern bond houses yesterday bid for and were awarded \$1,425,000 bonds of the Los Angeles County Flood Control district at par with accrued interest. The representative of the syndicate was John E. Jardine, vice-president of W. R. State Company, Los Angeles bond experts, for passing on the bond issue. Mr. Jardine stated that eastern investors demanded an opinion from some New York house before investing their money. Inasmuch as the California Supreme Court has handed down an opinion on the legality of the Flood Control bond issue, the Supervisors believed that this was as good an authority as the investors could expect. The bid was modified in accordance with the desire of the Supervisors.

FIRST WOUNDED RETURN.

Injured Los Angeles Soldiers will Reach California Today.

The first of the Los Angeles soldiers wounded at Chateau Thierry will reach San Francisco today, according to telegraphic advices from Omaha received yesterday. They will be kept in Letterman Hospital in the Bay City until they are able to come to this city, where they will be discharged.

Among them are Andrew Lewis, Charles Johnson, O. W. Murphy and Emil Zumbrun. Also in the party are Donald P. Kimball of Pasadena, Mike Murphy of Glendale, T. R. Bateau of San Diego, George W. Brunn of Fresno, Umberto Toi of Palmdale, and Ivan L. Cabel of Matthei Field, Sacramento.

WOODEN SHIP LAUNCHED.

The wooden ship Buckhorn, of 2500 tons freight capacity, was launched at the Ralph J. Chandler Shipbuilding Company's yard at Wilmington at 8:30 o'clock yesterday morning, in the presence of officers of the company, a few invited guests and workmen at the yard.

MRS. H. JEVNE DIES AT PASADENA HOME.
WAS ILL FOR TWO MONTHS. FUNERAL WILL BE HELD TOMORROW.

Mrs. H. Jevne, wife of the president of the H. Jevne Company, died yesterday morning at the Jevne home, San Rafael Heights, Pasadena, after an illness of more than two months. She was taken ill at Hermosa Beach during the summer.

WANTS TO BE GOODFIGHT.
Augustus Caesar Gutzeit petitioned the court yesterday to have his name changed to Augustus Caesar Goodfight. He said he wanted to change his family name in order to discontinue the use of the name "Gutzeit," which was born in Germany.

The Heart of Bigger, Better, Busier, Brighter Los Angeles

Los Angeles suddenly finds itself on the threshold of a new and wonderful era.

On Victory Day we saw how the heart throbs of the city center in Broadway—its streams of life trickling to one side or the other, but ever returning, uniting, centering in Broadway.

The center of the newer business district through the prosperous years ahead will be Eighth and Broadway—with a great number of quality stores, shops, theaters and refreshment salons close by, the new wholesale district three short blocks east, "automobile row" and the moving picture jobbers two short blocks west; with Broadway opened to the south, and with easy access from all directions without getting into the traffic congestion further north.

And we are ready—with splendid equipment, ample resources, strong, progressive management, this advantageous location and seven branches in convenient locations throughout the city—to serve all classes of business.

It is a convenient, pleasant, attractive bank for ladies, with its beautiful and complete safe deposit department—and boxes only \$2.50 and up per year.

You are invited to call, ask questions and inspect the safe deposit department.

BOULEVARD TO HARBOR NEXT.

Capital Issues Committee Indicates It Will Let Down the Bars.

That the Capital Issues Committee is preparing to loosen the purse strings and permit municipalities to go ahead with needed improvements was indicated yesterday, when the City Attorney received a request from it to forward a new application for permission to build a highway between the Harbor boulevard, near Wilmington, and Fort MacArthur. The cost of the project will be \$160,000.

Bonds for the improvement were authorized by the people a year ago, but the work was held up by an order of the Capital Issues Committee.

City Attorney Stephens will forward the request today if the Council authorizes him to do so.

INCINERATOR IN YARD ALL RIGHT

Anyone Privileged to Burn Own Refuse, Says Court.

Oak Knoll Millionaire Suit Brings Forth Opinion.

But Sparks Mustn't Fly Over Mr. House's House.

Members of the millionaire Oak Knoll district of Pasadena, interested in the legal battle between Henry C. House, whose cousin, Col. E. M. House, is President Wilson's confidential adviser, and Simon J. Murphy, Jr., a member of the wealthy Murphy oil family, heard Judge Works yesterday let down the bars for any Oak Knoll resident to establish an incinerator in his back yard if he so desires.

Mr. House brought suit to declare the incinerator that Mr. Murphy had built in the rear of one of his fine houses in Oak Knoll a nuisance. The smoke blew toward Mr. House's paternal home, the ashes ruined his roses and shrubbery and the odor was "vile," Mr. Murphy's defense was that it was a small incinerator, the smoke was not thick and the odor was not vile.

Judge Works held that Mr. House was right in his complaint only to the extent that sparks and pieces of paper should not be permitted to escape from the flue of the incinerator. The smoke, he said, was not serious enough to interfere with Mr. House's right.

"Everybody has a right to consume matter of that sort on his own premises," declared the court. "Anybody may have an incinerator in his back yard to burn refuse. But the defendant must not bring matter from some other place to burn in the incinerator, as Mr. Murphy did on one occasion."

He ordered Mr. Murphy to put spark arresters in the flue and keep sparks from flying over to Mr. House's home. He gave him a month to arrange for this. The incinerator also must be operated at reasonable times so that the neighbors may not be inconvenienced.

At the end of the month the attorneys in the case will report on the condition of the incinerator.

PLEADS NOT GUILTY.

Jack Lankershim pleaded not guilty in Police Judge White's court yesterday of a charge of reckless driving on Western Avenue November 10, in which he is said to have struck and seriously injured Mrs. W. H. Kenworthy of No. 4913 Rowwood drive, who, with her husband, was waiting for a car. Trial was set for November 29 at 3 o'clock. He will be represented by J. Wiseman Macdonald.

TO AMEND SUITS.

Citizens who sued railroad companies since January 1 may have to amend the complaints to include William G. McAdoo, Railroad Administrator. The record in the County Clerk's office shows that actions filed against railroads since January 1 must be amended to include the name of the attorney retained in the case.

BUSY OILING UP TAX COLLECTING MACHINE.

AMOUNT TO BE RAISED HERE WILL BE MANY TIMES THAT EVER RAISED BEFORE.

Collector of Customs Carter is taking time by the forelock and is busily engaged getting his force into shape to handle the execution of the new War Revenue Bill, now before Congress, which will become a law early in the coming year.

To the end that there may be a harmonious understanding between the heads of the five departments into which the district has been divided, a series of conferences is being held, to the end that a programme of action may be inaugurated as soon as the proposed law goes into effect. While the schedules, in many instances, have not yet been fixed, enough is known that the collections in the local internal revenue district must be multiplied many times above the amounts collected under the present law, and it is desirable that every section of the collection machinery properly function when the time comes.

E. C. Yellowly, revenue agent, with headquarters in San Francisco, who is at the head of the service in California, has been a constant attendant upon the sessions of the local agents, and an understanding has been reached as to future activities, it is said.

When Your Eyes Need Care
Try Yellowly's Eye Drops. They are the only eye drops that are made in the U.S.A. and are guaranteed to give relief. Price 25c per bottle. For Sale at all Drug Stores. Write to: Yellowly's Eye Drops Co., Chicago.

Gifts of Individuality

THE true measure of permanent appreciation in any gift is its individuality. The supreme gratification of giving can be realized only when the unusual is presented. Gifts which are available in general, however useful or practical they may be, must lack in individuality by virtue of the very frequency of their offerings. Feagans & Co., Los Angeles, confine all their gift selections to the uncommon. This store caters entirely to those who appreciate and desire that which has individuality. You will find here scores of appealing gift suggestions for men and for women at almost any price you may care to pay.

Important new diamond brooches, bar pins, lavallieres, neck pieces, ear rings, and lorgnettes.

Complete sets of openstock Sterling Silver: knives, forks, spoons and serving pieces.

Enamel toilet and dresser ware, Dorian, perfume bottles, vases, electric candles, candle sticks, thimbles.

Gold Juliet sets, pairs of hat pins, pairs of veil pins and pairs of veil stick pins—cased.

Add-a-pearl necklaces.

We believe you will be well repaid by a visit to this unusual store. Feel free to come for gift suggestions regardless of any intention to buy.

Correspondence invited from out-of-town patrons. All gifts correctly cased for presentation.

STERLING NEXT TO SURRENDER.

Domestic Utilities Officer Yields to the Law.

Gives up Following a Like Step by Crocker.

Profits in Washing Machines Said to Be Huge.

Frederick W. Sterling, the last one wanted on a charge of using the mails to defraud in connection with the operations of the Domestic Utilities Manufacturing Company, surrendered to United States Marshal Walton yesterday and was released by United States District Judge Trippe on a \$1500 bond. He had been expected to give himself up ever since the surrender a week ago of Edwin A. Crocker.

Sterling was president of the Domestic Utilities Manufacturing Company by the grace of Edwin R. Crocker, who owned 24,997 of the 25,000 shares of stock of the corporation, the other three being in the names of Sterling, Harry J. Crocker and Capt. W. F. Ellis, brother-in-law of Edwin R. Crocker. When the business collapsed in the fall of 1914, the one share of stock in the name of Sterling was returned to Crocker.

Mr. Sterling is a Boston man and a certified accountant, and when the affairs of the Domestic Utilities Company became so large that it could not be handled by Capt. W. F. Ellis, Sterling was brought from San Francisco and installed as head of the concern. Before the organization of the company, Edwin R. and Harry L. Crocker, cousins, were engaged in selling patent right articles invented by their father, Edwin R. Crocker sold a gas burner in Oklahoma, and had trouble with the government. It is said, but was acquitted.

DID LARGE BUSINESS.
The connection of Sterling with the Crocker began with his employment by Edwin R. Crocker in San Francisco, in the fall of 1911, as a book-keeper. It continued until a year later, when the business fell to pieces following a hearing in Washington before Postoffice Department officials on the right of the Domestic Utilities Company to use the mails.

As an indication of the amount of business done by the company when it was in operation in this city, Mr. Sterling said yesterday that he opened letters that had accumulated in a short time which contained cash and checks amounting to \$14,000. That was when the corporation operated on South Broadway first in the Chamber of Commerce Building, and later in the vicinity of the City Hall.

When Mrs. Louise E. Crocker secured her divorce from Edwin R. Crocker, the latter was awarded the custody of the child, a son, and it is said that for the last two years the boy has been with Mr. Crocker's mother in Lunderdale, Miss., and that the father has practically abandoned him. The boy is now 17 years old.

It is a part of the records in the case that the Domestic Utilities Company sold contracts in Canada, although it is said to have had no legal right to do business in the Dominion. Mrs. Elizabeth Knudsen, who sought to recover \$75,000 for the alleged fraudulent practices of the officers, bought the right to deal in contracts in Canada, only to find that she was barred from doing business in that country. It is said.

LARGE OPERATIONS.
The corporation operated in all parts of the United States, and if money and good paper could not be had for the contracts, real and personal property was accepted, it is said. A feature of that alleged practice will not appear until the case is on trial, before United States District Judge Bledsoe.

In 1908, before Sterling became acquainted with Edwin R. Crocker, the latter was operating in Columbus, O. Mr. Sterling said yesterday, speaking of the operations of the Domestic Utilities Company, that the books showed that about 700,000 washing machines had been sold by the corporation, and he estimated the profit at about \$150,000, all of which, he said, was taken by Edwin R. Crocker.

A carload of washing machines and the office furniture of the Domestic Utilities Manufacturing Company are now with a local storage company.

FEELS STRONG ARM.
Jiu-jitsu Man Falls Foul of Uncle Sam and is Charged With Improper Use of Mails.

On a complaint sworn out by Postoffice Inspector Walter M. Crocker, S. Yanamach, No. 632 Marbach Street, was arrested yesterday on a charge of using the mails in a scheme to defraud. Yanamach advertised in physical culture magazines that he would send a copy of Judo, a work giving a method of learning the famous Japanese art of jiu-jitsu, on payment of 50 cents. It is alleged he sent a letter to J. H. Swandling, No. 1125 Railway Exchange Building, Chicago, containing but a few isolated leaves from the book. The book was alleged to have been published by the Yanamach Company, No. 2109 Miranda street, Los Angeles. Yanamach claimed to represent the Nishodo Company of Tokyo, Japan, and the Okada Science Society. In default of \$1000 bond he was committed to the County Jail by United States Commissioner Stephen G. Long.

BIDS AUTHORIZED FOR BIG PIPE CONTRACT.
Construction of the penstock line for power plant No. 2 in the San Francisco Canyon was furthered yesterday by the Public Service Commission when specifications of Chief Electrical Engineer Scattergood were accepted. Immediate advertisement for bids on from \$50,000 to \$100,000 worth of fabricated steel pipe was authorized. President Howard Robertson of the commission expressed the hope that the contract might be secured in Southern California.

ADDS PALMS TO LOS ANGELES.

After Years of Litigation Territory is Officially Annexed to City.

The Palms has been officially annexed to Los Angeles after four years of litigation. City Attorney Stephens yesterday received a telegram to the effect that the Supreme Court has ruled in favor of the city in the appeal for a restraining order to keep Los Angeles from conducting the affairs of the annexed territory.

The case was first carried to the Superior Court, where the annexation election was declared legal, and then it was taken to the District Court of Appeals, where it was again upheld. The city has won in every appeal and has been conducting the affairs of the Palms all this time.

BABE HELPS RELEASE.

Mother Accused of Marrying Soldiers for Money is Temporarily Freed.

Blanche V. D. Kirby, alias "Queenie" Von Kirby, who with her husband, Elliott Kirby, were under investigation by the Federal authorities on charges of marrying enlisted men about to leave for overseas service in order to receive their allotment, was released on her own recognizance yesterday, by Judge Willis, following a plea of guilty to charges of bigamy. According to Defense Attorney Guy Eddy, the government has released the husband, who is now able to furnish a home for his wife. The fact that a year child is in need of a mother's care was also put forward as a plea for clemency.

The defendant admitted that she married a soldier by the name of Lee Gillie two days before he left for France, but stated that it was done while she was under the influence of liquor. Judge Willis set December 3 for the hearing on her application for probation.

ARRESTED IN TEXAS.

Youth Accused of Defrauding Auto Firms Captured After Two Months.

Following a 490 months' search in several Western States, Deputy Sheriff Manning yesterday received word that H. I. Hunt, who is wanted in this city on two charges of obtaining property under false pretenses and grand larceny, is under arrest in El Paso, Tex. It is charged that Hunt has defrauded two auto firms in this city and that felony complaints had been issued against him.

According to the District Attorney's office, Hunt was a flashy-dressed youth who patronized cabarets and hotel lobbies, and started to acquire an expensive car by making a first payment on a Ford. He is then alleged to have sold this for a better machine, which was subsequently traded in for an even more expensive one. He is then said to have taken it to Phoenix, Ariz., and sold it. A deputy sheriff will leave today for Sacramento to secure extradition papers.

TORE OFF RIVAL'S HAT?

Man in Divorce Suit Tells of Wife's Alleged Attack on Woman in Cafeteria.

"I asked her to quit, but she tore the woman's hat off and struck her. By that time I got between them, but Mrs. Jenner hit the woman on the head with a hangbag and cut her. Then the proprietor ejected Mrs. Jenner."

This was the statement made by Arthur Jenner, an undertaker, to Judge Taft in divorce proceedings against Jesse Jenner in an alleged expose of his wife's jealous temper. After the trial—Mrs. Jenner not appearing in the courtroom—Mr. Jenner had an altercation with a man in the corridor. They were parted by a policeman who charged to be on hand.

EX-POLICEMAN ARRESTED.
Harry Miller, a former member of the police department, was placed under arrest early yesterday by Deputy Sheriff Roberts and Couts, following a telephone message from Mrs. Miller, in Belvedere, that he was beating her. Miller was brought to the County Jail and booked on charges of suspicion of assault. The report on the Sheriff's book, also stated that "Miller got rough with the arresting officers, but was finally subdued and placed securely in the County Jail."

Christmas Showing of Leather Novelties

The Christmas spirit can be most beautifully expressed with articles which have a very potent utility. In the Leather Goods section of our French Shop are many articles so beautiful, or so distinctive that they fittingly express the holiday spirit which rightfully accompanies the Christmas season.

Art Goods

There is nearly always some one who appreciates a smart pillow, some smart little tray or box for the dresser, a powder puff jar, a mirror, a phone doll—and when one thinks of such things they naturally turn here where assortments are exceptional in being sufficient to offer unusual choice at moderate prices.

Diamonds are "the most acceptable gifts of all." A perfect diamond is the gift supreme.

Thousands of discriminating Southern California people have for many years realized that the one logical place to purchase the diamond gift—is Nordlinger's.

The extent and importance of our stock of diamonds is equaled by that of only one other house in western America.

Lovers of diamonds and other gems will keenly appreciate the magnificent showing of important new pieces offered by this house. Each subject is a veritable masterpiece of jewelcraft—and of a type and quality shown only in the big jewelry centers of the country.

No matter how little you are able to pay for a diamond—your money will find its greatest purchasing power here—a ten dollar stone or a thousand dollar one—you get the utmost in value.

We will be pleased to aid you in every possible way in the perplexing task of gift selection.

COURT SMITES FOOLISH LAW.

FINDS SHERIFF NOT LIABLE FOR DEPUTY'S ACTS.

County Inefficiency Shown by Embellishment Case.

County is Held Responsible for Care of Money.

Judge Jackson yesterday held that Sheriff Cline was not responsible for the act of Deputy Sheriff Moses Marcus who embezzled \$1400, representing money placed in his hands and belonging to prisoners in the County Jail.

Sheriff Cline and the county of Los Angeles were made defendants in a suit brought by William Klockow, an inmate of the County Jail, last August to recover \$1400 appropriated by Marcus. The latter committed suicide in San Francisco last September. He was cashier and bookkeeper in the jail.

Judge Jackson sustained the Sheriff's demurrer without leave to amend. He agreed with the contention of George Greer, attorney for Sheriff Cline, that the latter neither had power to appoint nor to discharge Marcus. The late cashier was a deputy before Sheriff Cline took office and was under civil service.

The court stated that there is no law requiring the Sheriff or his deputies to take the money of prisoners. The county was responsible for this state of affairs through its freeholder's charter, the court said. Mr. Greer had referred to the foolish and illegal laws passed by the Progressive party, and attacked the county charter as inefficient.

Deputy County Counsel Vallee and Davis argued that the county was not liable, and attacked the complaint by demurrer. The court overruled the demurrer which will compel the county to answer the complaint.

MORE PRECIPITATION IN THE SOUTHLAND. SANTA BARBARA REPORTS DAMAGE TO THE STATE HIGHWAY.

The following is the rain precipitation for various Southern California points for the storm of Monday and Tuesday, season and that of the date in 1917:

Point	Season	This date

Coulter Dry Goods Co.

Founded in 1878. Seventh Street at Olive.

To Charge Customers. All purchases made on and after November 15th appear on December statement, which is not due until January 1st, 1919.

Make your Christmas purchases without adding to your November bill, and complete your holiday shopping as early as you conveniently can—your Government asks you to.

Electrical Gifts Are Ideal Because They Combine Utility With Comfort.

Hotpoint electrical devices are accepted as the best, almost universally, and are certain to give satisfactory service: Electric Heating Pads \$5 to \$9. El Tosto Coffee Urns, Percolators, Chafing Dishes. Electric Irons—3, 5 and 6-lb. El Eggo—for boiling, shirring, scrambling or poaching eggs.

New Styles in Christmas Handkerchiefs. Quantities of fancy colored handkerchiefs in all styles; colored borders in narrow or wide effects; colored embroidered corner—scroll edges of solid color centers. Everything that is new in fancy handkerchiefs; and hundreds of styles in white embroidery.

Holiday Boxes for Your Christmas Gifts. A special booth has been provided on the main floor, where you may obtain dainty holiday gift boxes in any desired size, at nominal prices.

Useful Christmas Gifts For Little Babies. Articles which any mother will be delighted to have her baby get—and of which there is seldom an over-supply, or duplication:

Silk Bonnets. The prettiest imaginable little affairs, 75c, \$1, \$1.25 and more. Hand Made Slips. Every bit as carefully made and finished as any you could complete at home. \$1.50, \$2 and \$2.50. Down Pillows. 12x16; in white, pink or blue, 75c.

Rompers. Daintily hand embroidered: \$3 and \$3.50. Bo Peep Shoes—all white, at 75c. Turkeys Sets. Bath apron, two bibs, two towels and two wash cloths. All for \$2. Baby Dresses. The yokes neatly embroidered; for infants of six months and babies of one and two years. \$1, \$1.25, \$1.50 and more.

Silks for Miladi's Evening Garments. Supple silks are high in favor this season—and in one of our display windows we feature some remarkably beautiful weaves:

Satin Paon. A wonderfully lustrous silk, in all evening shades, 45 inches wide, yard \$5. Satin Amouresse. 40 inches wide; in chartreuse, cell, pink, orange, apricot, lavender, etc. \$3.00. Chiffon Taffeta. Plain and glace finish; 36 and 40 inches wide; in orchid, peach, light blue, etc. \$2.50.

Elegant Chiffon Velvets. In pink, biscuit, Nile, cell, chartreuse and other delicate shades; an absolutely all-silk velvet for capes, wraps and evening dresses. \$6.50. Gold and Tinsel Silks. Indiscreetly elegant imported satin broches in gold and tinsel; 36 inches wide; for evening wraps; yard, \$20.

Practical, Pretty, Comfortable Scarf and Cap Sets. Ideal gifts for all who are out in the open—golfers, motorists, athletes—women of all ages are wearing them. Our assortments of Angora sets, or the separate scarfs, which many people want without the caps—are complete, and the colors particularly pleasing this season.

In Tailored Suits of the Better Kind at \$59.50, \$69.50 and \$79.50. Coulter's offers aristocratic garments in Duvet de Laine, wool velours and Silvertones—in winter shades of brown, leather, Belgian, rookie and navy. Some of these suits are very plainly tailored—their value being in the elegance of material and high-class manner of making; others are simple, with button trimmings or slight deviations here and there from the strictly tailored—all are fashion's last word in authentic style.

Fur-Trimmed Suits. Enjoy your season—\$69.50, \$79.50, \$89.50. Handsomely trimmed suits of broadcloth, Duvet de Laine, wool velours, in taupe, navy, tan, teal and browns. Rain Coats. The most satisfactory and becoming styles in a good assortment—rubberized or cravenette models, fairly priced.

Warm, Handsome Blanket Bathrobes, \$5. In rose, blue, gray and various combinations of those shades; made plain, or trimmed with ribbon; all sizes from 36 to 44; and only \$5.00.

COULTER'S—Seventh Street at Olive—COULTER'S.

HUGE CEMENT SHIPMENT.

Hundred and Fifty Carloads to Go from Here to South America.

The United States Shipping Board steamer Mahaskah is due to arrive at the Harbor today to take on board its share of 150 carloads of Portland cement which are now lying at the docks of the Outer Harbor Dock and Wharf Company, awaiting shipment to Chile.

This is so far as is known, the largest single shipment ever made from this port, and will need the exclusive use of the Mahaskah, the largest ship in the fleet, to take the latter part of the week, and of the Mahaskah, due to arrive the early part of next week, to take the final part of the shipment. There are all government wooden steamers, of 3500 tons each, sent here by the United States Shipping Board after many unavoidable war-time delays. The shipment of 400 tons of Portland cement required 150 freight cars, or a total freight train, if it had been hauled at once, of one mile and a half in length, to move the cement from the plant of the Harbort Dock and Wharf Company, at Crestmore, near Riverside, and represents a transaction of \$200,000, the first big after-the-war foreign trade order to come to this port. As lying on the docks

now awaiting transfer to the holds of these vessels lying the American flag, the cement covers nearly two acres. Speaking of the transaction, L. C. Riverton, assistant manager of the Harbort Dock and Wharf Company, said yesterday: "We are glad to start the bulk rolling for after-the-war foreign trade from this port by shipping this large order. But the tremendous difficulties we had and expense we went to in getting vessels here to carry the cement to South America illustrates again what the Chamber of Commerce, what Mr. M. F. McLaurin, local agent of W. E. Gray & Co., and other boosters for this port have always pointed out—that we need here a great shipping organization which can solve the shipper's problems. The government first assigned Los Angeles-made steel vessels to take the shipment, and then had to take these for war work, and finally after hard work by Mr. McLaurin and our company and the Shipping Board, the government helped out Los Angeles foreign trade business by assigning these vessels to take the shipment."

Mr. Barton said that the Outer Harbor Dock and Wharf Company has everything in readiness to load the ships rapidly as they arrive and start the cement on its way to South America, where it is to be used for building work.

ATTORNEY KERNS IS INFLUENZA VICTIM.

Funeral services will be held tomorrow afternoon at 2:30 o'clock, at the Little Church of the Flowers, 1001 N. Main, for Attorney Rollin Kerns, who died last night at his home, No. 1745 North Broadway, of influenza. Mr. Kerns, who was 51 years old, was a native of Los Angeles, a graduate of the University of Southern California. He had practiced law here for ten years. He leaves a widow, Mrs. Pearl Kerns, a mother and father, Mr. and Mrs. Charles Kerns of Glendale, and several brothers.

ATTORNEY CLEARED.

Cornelius Enns, an attorney, was cleared of an accusation of sedition yesterday by a jury in Police Judge White's court. Enns was brought on in the hearing that Enns, a naturalized citizen, was born in Russia, instead of Germany, as the complaint alleged and is a Methodist.

Enns, one of the most common causes of insomnia and restlessness is indigestion. Take one of Chamberlain's Tablets immediately after supper and see if you do not rest better and sleep better. They only cost a quarter.—Advertisement.

WAYLAND TRASK RITES TO BE HELD TODAY.

The funeral of Wayland Trask, motion-picture actor with the Mack-Sennett Company, who died of influenza after less than a week's illness, will be held this afternoon at 2 o'clock from the establishment of Rescoe Bros. Burial will be in Rosewood Cemetery. Mr. Trask left a widow, Mrs. Jane L. Trask, two daughters, Mrs. Allan L. Leonard and Mrs. Dorothy A. Trask, and an uncle, John F. Murphy.

PINKERTON CHIEFS HERE.

William A. Pinkerton, head of the National Pinkerton Detective Agency, and J. C. Fraser, general superintendent of the western division, were here yesterday on their annual tour of inspection, and called on Chief of Police Butler and Capt. G. K. Home of the detective bureau.

REDONDO EMPLOYEES CULLEN. (LOCAL CORRESPONDENCE.) REDONDO BEACH, Nov. 19.—The Board of Trustees last night approved of the contract between the city and Joseph V. Cullen, former trustee, for the latter to act as industrial and advertising manager, at a salary of \$150 per month and expenses. The contract is signed for two years, with a provision that the appointment was denied after much heated argument.

THEATERS, FAIR DEFER OPENING.

Amusement Houses Object to Wear-Masks Order.

Fair Postponed Because of Lack of "Screens."

Gates will be Thrown Open to All Saturday.

The theaters and the California Liberty Fair have postponed their openings. The fair will open on Saturday and the theaters have to start up again on the same day, but they do not plan to do so if patrons have to be made to wear masks. The fair moves the fun tomorrow and decides that masks need not be worn every theater will have a grand opening Saturday.

The postponement of the Liberty Fair opening was decided on at a meeting of the directors yesterday afternoon, because of the requirement that masks be worn by persons visiting the fair if it opened tomorrow and the inability of the fair management to secure the required number of masks within such a short time.

It is expected that by Saturday morning the requirement regarding the use of masks will be removed, if it is still required, however, an ample supply will be on hand. A meeting will be held at 2:30 o'clock this afternoon, presided over by San Pedro mayor, further details regarding the programme of special events at the fair will be considered.

The situation as regards opening up the city generally tomorrow is somewhat in doubt. The City Council yesterday refused to rescind the ordinance which closed schools, churches and theaters six weeks ago, and unanimously voted to have the City Attorney draft for introduction tomorrow an ordinance to amend the "flu" regulation to conform to the wishes of Health Commissioner Powers and permit the opening of public meeting places under such regulations as are deemed necessary.

The number of new cases which developed yesterday was somewhat discouraging to the health authorities. There were 812 cases and twenty-five deaths. Health Commissioner Powers says the increase in the number of cases may be traced directly to the peace parade which crowded the city streets for more than a week. He says that all the nurses at duty at one hospital went to the parade and that twenty of them are now sick with influenza. He declined to give the name of the hospital.

PEOPLE RESPONSIBLE. The increase in the number of cases is to be regretted, but it is beyond our control. The people are responsible for this condition. We hope for better reports during the next two or three days, but it is hard to forecast what is ahead.

Commissioner Powers declined to say whether he would ask the Council today to repeal the "flu" ban ordinance. He said in all probability he would take no action until after consulting with members of the medical advisory board at their meeting today.

It has been the experience of the health department that Tuesday reports are unfavorable, an account of any accumulation of reports over Sunday, but yesterday's figures were in striking contrast to Monday's 230 and Sunday's sixty-seven cases, when a record of 294 per day was shown.

REOPENING OF SCHOOLS. The reopening of the city's educational institutions will begin tomorrow, when most of the private schools, Occidental College, the Los Angeles State Normal, and the day and night schools of the Young Men's Christian Association at No. 715 South Hope street resume their activities after an idleness of six weeks. The California-Brownings Commercial College also will reopen tomorrow morning. Dean Frank M. Porter of the college of law of the University of Southern California yesterday said that the college of law will take advantage of the ruling of the Board of Health and resume full class work tomorrow.

The University of Southern California will resume regular classes next Monday at 8:30 a.m. at Occidental College and at the State Normal School masks will be worn this week by both faculty and students, but the university will get along without them, unless individual attendants may be exposed to the gauze protectors. The masks probably will be discontinued at Occidental next week.

SHORTER HOLIDAYS.

In order to make up for the lost six weeks, a six-day schedule of classes will be held at U.C. instead of the usual five days weekly. Thanksgiving will be a holiday, but apart from that and on Sunday there will be no interruption until December 21, when the Christmas vacation will begin. It is possible that the customary two weeks for Christmas and New Year's season will be cut to a week or ten days.

The activities of the Student Army Training Corps at the U.S.C., in which upward of 1600 young men are enlisted, have suffered little interruption, in spite of the fact that there have been about 300 cases of influenza among the students. The intensive training of the embryo officers will be continued.

GIFT-SENDING TIME EXTENDED.

Red Cross Will Also Furnish Necessary Permits If Amateurs Make.

The local Red Cross has received notice that the War and Postal departments have extended the date for the shipping of Christmas parcels to overseas soldiers and workers to November 20. On account of the fact that so many of our men have been on the firing line and were not given labels in time to send them home, the Red Cross will give labels, official cartons and shipping instructions to the nearest of kin, who will sign the necessary affidavit to the effect that they have not received an official label from overseas. As shipping space is still at a premium this does not mean that any man overseas can be sent more than one Christmas box. Labels, cartons and shipping instructions will be given those signing the necessary affidavits, at the Bureau of Christmas Parcels Headquarters, No. 530 South Main street, or at any of the following addresses: No. 2152 West Jefferson street, No. 2265 Vermont avenue, corner Washington street and Avenue 24, No. 2015 Stephenson avenue, No. 3204 San Pedro street, corner Santa Monica boulevard and Madison avenue, Hollywood, and at the following distributing stations throughout the country: Avalon, Arcadia, Azusa, Burbank, Compton, Covina, Downey, El Monte, Glendale, Inglewood, Orange, Oxnard, Redondo Beach, San Fernando, San Dimas and Van Nuys.

THE TOTAL FIGURES. The totals announced yesterday subscriptions received since Monday noon of \$24,140.35, which added to those previously turned in by the teams, made their total up to noon yesterday \$311,054.48. Returns from the precincts announced up to yesterday were \$182,509.30, and subscriptions received at headquarters, and other places, were \$28,117.85, making a total for the city of \$755,777.72, as against the city's quota of \$912,201.

There will be no luncheon today the last day of the drive, said Mr. Haldeman, but this evening the city's most notable citizens will be invited to a dinner at the city hall. "We must not leave this room until we are able to announce that Los Angeles has made good with its quota," said Mr. Haldeman.

The grand total announced yesterday for the city and county was \$1,116,864.23, received from 144,958 persons.

REPORTS BY TEAMS.

Team totals announced yesterday in the city by the team captains were as follows:

Stoddard team, \$4407.75; R. H. Lacey, \$1641.50; Harry Chandler, \$2766; W. J. Dodd, \$255; G. G. Greenwood, \$4695; Rino Crabill, \$632.50; Charles H. Langmuir, \$603; Karl Triest, \$184.75; Arthur Letts, \$1060; Ed R. Malmgren, \$235; Solis Aronson, \$1897.75; H. W. O'Melveny, \$5888.82; Roy P. Hillman, \$504.42; D. W. Gidycz, \$6337; C. C. Tatum, \$549.50.

The chief speaker yesterday was Capt. David Fallon of the Australian forces, who was severely wounded in the early years of the war, and who announced that he is to make his permanent home in Long Beach.

He told of the needs of the soldiers who the United War Work organizations will be taking the thousands of more than before—tobacco, chocolate.

SCENIC ARTIST DIES.

John Colette had been associated with Oliver Morosco for many years.

In the death on Monday evening of John Colette, for many years scenic artist at the Morosco Theater here, the local theatrical colonies lose one of its most able artists. Just before his death Mr. Colette had perfected a setting for the Morosco stage on which he had worked for five weeks.

Mr. Colette came to this country, when a small boy, from England, and studied painting in New York. From there he came to Los Angeles and became interested in Oliver Morosco's stock productions at the Burbank Theater. He went to work there and had been associated with Morosco ever since. In the galleries of the Morosco Theater stand a number of miniature production settings. It was Colette's hobby to work late into the night upon these small, but perfect, stages, and from there he turned out many unusual pictures.

TAKES OVER CAPE.

Fernand Dupre, a graduate in the cultury arts of the best cafes and hotels of Europe, has taken over the management of Hamburger's cafe.

A new schedule of prices will be of interest—particularly the one making the business men's lunch at 40 cents. Miss Emma Dunkelow, assistant manager for some time past, will continue in the same position.

DIG OR HOIST WHITE FLAG.

United War Work Chairman Sounds a Last-Day Warning to City.

"The city of Los Angeles must subscribe by tonight \$179,423.27 for the United War Work Fund or hoist the white flag of defeat and be branded as a city of patriots willing to make noise but unwilling to back up their noise with their dollars to keep American soldiers cheerful." This was the declaration yesterday of Chairman H. M. Haldeman to the campaign fund teams at their luncheon at the Alexandria.

"It is a most critical time," said Mr. Haldeman. "We cannot afford to fall on this drive. There is one point that the public should know right now. The committee is not holding back a cent. We announce the figures every noon and that is all the money we know anything about. If the public thinks we are holding back for the last day, the public is mistaken. I repeat again, the situation is critical."

Chairman Haldeman said there late, the kind words of American girls, Y.M.C.A. K. of C. and the other secretaries, go after the slackers and the strictly noise patriots and show them up, or the boys will when they come home."

Mr. Haldeman announced that there could be many inquiries about future drive. The only one in sight, he said, was the one-dollar annual membership drive of the Red Cross next month.

Mrs. Richard Emrich, Young Women's Christian Association war worker, will be the speaker this noon at a luncheon given by the Y.W.C.A. at the Alexandria. Mrs. Emrich, who is speaking on behalf of the United War Work campaign, aroused great enthusiasm when she spoke last Saturday at the noon luncheon of the team.

ADDED TO HONOR LIST. Mr. Segundo joined the "over the top" committee of Los Angeles county yesterday. The following additions to the 100 per cent honor list of industrial firms was reported: York Construction Company employees, \$102,580; Los Angeles Ice and Cold Storage employees, \$75,000; Union Ice Company employees, \$182,509.30; Citizens Ice and Cold Storage employees, \$51.

Nineteen hundred and fifty-three boys and girls joined the victory drive yesterday. This makes 11,868 subscribers with a total of \$15,184.46.

Chairman Fletcher Barker of the Army and Navy Camp Committee reported \$1739 subscribed by the boys at the two naval camps at San Pedro; \$1260 was from the boys of the navy most finally at the Submarine Base.

The second payment on the Fourth Liberty Loan bonds, on the government plan is due today, and arrangements have been made at every bank to handle the thousands of bond purchasers. Chairman Henry S. McKee of the Southern California Liberty Loan Committee urges everybody who has purchased a bond to make his payments promptly and thus enjoy his interest at an early date as possible.

JUST USE SLOAN'S LINIMENT ONCE.

Then you'll understand why it's the world's greatest pain relief.

Sloan's Liniment does exactly what is claimed for it—relieves quickly, without rubbing. It penetrates. Useful in relieving external pains, sore throats, stiff joints, such as follow exposure, over-exercise, or unusual exertion.

A big bottle kept handy will last long and pay for itself in comfortable relief of the first application. Clean, convenient, economical. Can be bought at any drug store. Get it today. 30c, 60c, \$1.20.

Sloan's Liniment Kills Pain.

"SKIP-STOPS" Vermont Ave. and East 4th St. Vermont Heights West 6th St.

The Skip-stop will be installed THURSDAY, NOVEMBER 21, on the lines named above. In the congested district stops will be made at signs, and at no other places. CAPITAL LETTERS opposite street names below indicate directions in which stops will be made.
